Smart Management And Reducing The Energy for Renovated ZOOs

◆ INVITATION ◆

Dear Sir/Madam,

On behalf of **UNIKOM d.o.o., the Lead Partner of the project SMARTER ZOOs (HUHR/2401/2.1W/014)**, co-funded by the European Union through the Interreg VI-A Hungary-Croatia Programme, **I have the honour and pleasure to invite you to the Opening Conference of the project:**

Friday, 27th March 2026.

**9:30-14:00 | Pécs Zoo & Aquarium-Terrarium
1. Angván János street, Pécs, H7635 - Hungary**

The SMARTER ZOOs project brings together UNIKOM d.o.o. (Croatia), Pécsi Állatkert és Akvárium-Terrárium (Hungary) and EU Centar (Croatia) to implement innovative energy solutions in zoological gardens. The project focuses on improving energy efficiency and reducing greenhouse gas emissions through the integration of renewable energy systems and smart building solutions. The project runs from February 2026 to January 2028 with a total budget of EUR 758,056.50 (80% EU co-financed).

At the conference, you will learn more about the planned interventions, including solar photovoltaic systems, biomass heating installations and energy-efficient building renovations, as well as the development of a cross-border energy monitoring methodology demonstrated in two zoos.
